

Equipment List for Upper Wilkin Gillespie Pass Trek - 6 days

Summer weather is usually quite warm in the Wilkin Valley and on Gillespie Pass. However, it is a remote mountain route and winter type conditions can happen any time of year. Required clothing can vary somewhat according to the time of year or the current weather. It is unsafe to attempt routes such as Gillespie Pass unless you are properly prepared, and you will be required to have the proper protective clothing before you can begin your trip. We usually camp out on some nights of this trek (there are huts nearby if the weather is bad). At the pre-trip meeting your guide will do a gear check to make sure you have everything you need. You will need to carry your own personal gear but do not need to carry food, tents or other group gear. Many people prefer to use their own sleeping bag, pad and backpack, or if you wish you can hire one of ours. We recommend an inflatable sleeping mat, 40 litre backpack and 2 season sleeping bag graded to 0°C (and liner). Lighter is OK for mid-summer.

Below is a list of required equipment. Further detail is available in the equipment detail information accessed from the [Upper Wilkin Gillespie Pass](#) page on www.aspiringguides.com. If you have any questions about the clothing list, please be sure to contact us at climb@aspiringguides.com.
