

Equipment List for Cascade Saddle assisted trek - 2 days

This trip is for parties planning to do the Cascade Saddle route but want a little assistance by an experienced guide. It is important to understand Aspiring Guides offers this trip as an ASSISTED trek, not a guided trip. We offer this equipment list to help parties be suitably prepared to ensure they have the right equipment to complete the hike by themselves. We do not offer any rental equipment apart from tents for the first night if the group decides to camp before heading over the cascade saddle and continuing independently.

Use this checklist as a guide to help you decide what gear to take. Your guide will also do a gear check before departing on your trip. Further information is available in our equipment detail page accessed from the [Cascade Saddle](#) page on www.aspiringguides.com. Please inform us before your trip departure if you would like tents to camp on the first night. If you have any questions please be sure to contact us at climb@aspiringguides.com.

Personal Equipment Checklist

Body

- Underwear
- Base layer (150-190g weight, merino or polypro, no cotton)
 - top
 - leggings
