

Equipment list for Lake Nerine - 4 days

Summer weather is usually quite warm. However, this is a remote mountain route and winter type conditions can happen any time of year. We can only attempt this route if everyone has suitable protective clothing. Your guide will do a comprehensive gear check at your pre-trip meeting. This is a tent based trip and you will need to carry your personal gear and will be asked to assist in carrying some group gear and food. Many people prefer to use their own sleeping bag and backpack, or if you wish you can hire them from us. We recommend a 50 litre backpack, self inflating sleeping mat and a 2 season sleeping bag rated down to 0°C (and silk liner).

Below is a list of required equipment. Further detail is available in the equipment detail information accessed from the [Lake Nerine](#) page on www.aspiringguides.com. If you have any questions about the clothing list, please be sure to contact us at climb@aspiringguides.com.

Personal Equipment Checklist

**Available for hire*

Body

- Underwear
- Base layer (150-190g weight, merino or polypro, no cotton)
